

Operator Assisted Conferencing

Turn High Stress Conferences into Highly Successful Events

Successful, high-profile conferences don't just happen. They require countless hours of planning and relentless attention to detail. If you're in the hot seat, managing a high-profile conference is a high-stakes, high-stress assignment. There's a great deal at risk: content details, participant management, speaker preparation and follow-up. These events need to be executed flawlessly in order to ensure their success. From large-scale investor relations calls to small board-of-directors meetings, count on Pioneer to work with you step-by-step providing the help you need before, during and after your conference.

Pioneer is dedicated to making your operator assisted event a success. Our Operator Assisted Conferencing solutions provide a wide range of features to support your event, and you always receive a solution tailored to your needs. Pioneer's Operator Assisted Conferencing is the perfect solution for high-profile events that require increased capacity, special handling or personalized attention.

Tailored Solutions That Fit Your Needs

Pioneer understands that conferencing is not a one-size-fits-all proposition. Our Operator Assisted Conferencing is a truly scalable, customized conferencing solution that helps you streamline and manage your most demanding audio conferences. Whether your audience is a dozen executives or a 2,500 member sales force, Pioneer brings everyone together in one seamlessly planned, managed and executed event.

Partners in Your Success

Rely on Pioneer's knowledgeable specialists to ensure that your meeting comes off without a hitch. The Pioneer team is available to assist you with everything from pre-conference consulting services to post-conference follow-up. Your meetings simply run smoother with Pioneer.

We're With You Every Step of the Way

You're never left on your own with Pioneer. During your event, an operator is always available to immediately respond to requests or direct the flow of activity to help keep the conference on track.

- ▶ Start your call and know exactly who is in your event by having the operator conduct a roll call. Lock your conference to prevent anyone else from joining.
- ▶ Allow participants to signal they have a question during Q&A sessions and get valuable participant feedback by asking polling questions.

Count on Pioneer for Professional Results

After your conference, access comprehensive post-conference reports that provide detailed participant information and feedback.

- ▶ Keep a record of your call: know who attended your event with a detailed participant list and have your conference recorded or transcribed.
- ▶ Follow up with participants based on their information and polling results.
